

## WATCH AND PRAY

By David Zimmel

Am F C G  
Christ Jesus sits alone, unseen, unheard.  
Am F C G  
The world ignores God's one Incarnate Word.  
Am F C G  
My soul cries out, there must be something more;  
Am F C G  
And so upon the cross my sins he bore.  
How can I now accept this worldly praise  
While still my conquering king they won't obey.  
I'd rather be with him scorned and disdained.  
And so he says, "stay with me. Watch and pray."

Am F C G  
**I'll stand with you, to pray throughout the night.**  
Am F C G  
**Your victory's sure, though death is still in sight.**  
Am F C G  
**My life is yours, for you've given all to me.**  
Am G F  
**Give me only the grace to love you, my King.**

The Spirit falls and burns within our souls.  
Our voices fill with praise for our great Lord.  
The time has come, the power of God is here.  
We rush outside to preach Christ without fear.  
How can I now allow the poor and lame  
To walk the streets as if nothing had changed.  
We'll preach your word, till they put us all in chains.  
We'll do your word, say with you watch and pray.
